**A:** Access to Davis Edge online quizzing was previously included with your adopted title. Now, the quizzing functionality is integrated within the Davis Advantage platform. - Ability to reset, extend the due date, and accept late work for quizzing assignments at the student and class level
- Additional grading options in the gradebook and LMS export

**A:** Yes. You can still access the previous version of Davis Edge, although we recommend discontinuing the use of Davis Edge and assigning quizzes via Davis Advantage instead. To access the previous version of Davis Edge, make sure you’re logged in to your FADavis.com account.
